

# MANIC YOUTH

Manic Youth from Vienna; Dongsu, Max and Maurice unite alternative rock, dream pop, 90s love and lo-fi drinks in an infinite life in the fast lane.

---

Always odd, always honest. With the modest formation of a guitar, drums and bass the three self confessed melancholics understand how to express their obscure thoughts; guitar-based edginess and lyrically dreamlike, falling somewhere in the diy-indie Pop of the mañana. Because they know how they live their lives and the position this puts them in. Eternally fast-lived songs wake emotions that allow the celebration of youth with all its frenzy and dark moments - not in nostalgia, but in euphoria.
